Two 20 to 1 Shots Win Races at Aqueduct Track

[By Gazette Times Private Wire]
[New York Times Service]

NEW YORK, June 28.—Established form was thrown to the winds at Aqueduct today, two winners at 20 to 1 being among the returns of a day in which only one favorite succeeded. Even in the Midwood Handicap, which was the feature of the card, the usually reliable Sun Flash II failed the talent, which installed him a 6 to 5 choice and the best he could do was to finish third to Andrew Miller's Ticket and Edward Arlington's St. Isidore. Sun Flash II was the victim of the desire to avoid weight by accepting the apprentice allowance. He was ridden by W. Humphries instead of Johnny McTaggart, who has ridden him with great success.

A. F. Carman's Jill provided the first shock when, though a neglected 20 to 1 chance, she had the foot of her field all the way and defeated the Sylvester stable's Keen Jane by a length. Ima Frank, favorite in the second race for mares, had to give way to Morton L. Schwartz' Enfilade, which led all the way. In the third, a mile race for 3-year-olds, J. E. Widener's Jusqu 'Au Bout, not long out of the maiden class, gave the form players their greatest surprise, when he nosed out Kashmir in the fast time of 1:38 3-5. After Poacher had scored a lucky victory over Regal Lodge in the fifth, the public at last selected a winner in W. R. Coe's Shoeblack, a 2-year-old by Sweep, that appears to be a good colt.

The summaries:

Yesterday's Results.

Dutch Grain Ship Arrives.

AMSTERDAM, June 28.—(A. P.)—The Dutch grain ship Stella has arrived at Rotterdam from New York. She is the second vessel loaded with grain to reach Holland from America this week.

NEWS OF NATIONAL ARMY CANTONMENTS

CAMP SHERMAN.

CAMP SHERMAN, CHILLICOTHE, O., June 28.—Soldiers at Camp Sherman have been instructed by division headquarters to conserve water. No wastage of water will be permitted. While the camp supply appears to be plentiful, military authorities fear that any wastage, together with the consumption during the summer months, may cause a shortage in the supply. Hereafter wash basins will be used by the men instead of running the water continuously from the faucets. Each officer and enlisted man has been instructed to provide himself with a wash basin and the use of water for washing without the use of wash basins is prohibited. All leaks must be reported immediately, reads the order.

Friends today identified the body of a soldier found dangling at the end of a rope tied to a tree in a wheatfield north of Camp Sherman last night, as that of Private William Brown, a member of the Twenty-fifth Company, Seventh Training Battalion.

First Class Private Alexander Shulasky, Thirty-fourth Training Company, has been promoted to corporal. He is from Beaver county. Corp. Samuel Jenkins of the Thirty-second Company, Washington county, has been promoted to sergeant.

Division headquarters reported today that there are many cases where applications of soldiers for family allowances and insurance, executed before the departure of men for service abroad, have been carried abroad. The resultant delay in getting the applications back has been responsible for a great deal of suffering on the part of dependents of soldiers. Organization commanders have been instructed to give their personal attention to this matter.

The character of all selectives inducted into the service at Camp Sherman will be considered "good" until otherwise determined, according to a memorandum issued at headquarters today.

Oscar Welling, a member of the Sixth Training Battalion, has been promoted from first class private to corporal. His home is in Butler county.

Those in charge of the Fourth of July celebration are receiving many inquiries from people in Western Pennsylvania as to whether or not accommodations can be secured. The citizens' committee is answering all such inquiries, guaranteeing visitors rooming accommodations.

CAMP LEE.

CAMP LEE, PETERSBURG, VA., June 28.—Arrested on the International Bridge at Eagle Pass, Tex., en route to Mexico, Stephen Harkey of Brownsville, Pa., who had deserted from his command at this camp, was returned for trial and today was sentenced to 10 years at hard labor. Harkey was a member of the utilities branch of the Quartermaster Corps. He had been in camp but 12 days when he deserted. Sentenced to 20 years at hard labor by the general court, Col. John S. Mallory in reducing the sentence to 10 years stated that Harkey had never been properly instructed concerning the articles of war. However, as he was considered of sufficient intelligence to appreciate the gravity of his offense, the sentence was approved at 10 years. It will be served at Fort Jay, N. Y.

James M. McFeely of Bellaire, O., who deserted from the Depot Brigade on December 22 and was arrested three months later at his home, was sentenced to five years at hard labor. This sentence will also be served at Fort Jay.

Twenty-five second lieutenants from the infantry replacement camp have been ordered to report to Vancouver Barracks, Washington, where they will be connected with the spruce production division. They are expected to leave tomorrow.

Cameras are barred. Orders were issued today that no pictures should be taken without special permits. Such few permits as have been issued have been cancelled and new ones will be few. Whenever soldiers or civilians found with a camera and without a pass signed by the intelligence officer, they will be brought to camp headquarters, where disposition of their cases will be made.

Alien enemies who came to this country prior to the age of 5 years and who are of reproved loyalty to the United States and who are United States citizens, either through their own naturalization or that of their parents, are now deemed eligible for commissioned service in the Army of the United States.

FISHERS SAVE 24 OF SUNKEN DWINSK'S CREW

Brings Them to Nova Scotia Coast After Night in Open Boats.

U-BOAT VICTIM

[By Associated Press to Gazette Times.]

SHELBURNE, N. S., June 28.—Twenty-four members of the crew of the troop ship Dwinsk, under charter to the American government, which was torpedoed without warning by a German submarine June 18, reached here today aboard a Gloucester fishing schooner. The men, exhausted by exposure and lack of food, were picked up on the morning of June 26, after being adrift eight days and with only a day's provisions in stock.

Phillip Larballestier of Liverpool, boatswain's mate in charge of the lifeboat, confirmed previously published reports that the Dwinsk was sent to the bottom without warning. The presence of the U-boat was not known to officers of the ship until a torpedo struck her port quarter. The commander of the U-boat ordered the officers and crew to take to the lifeboats, of which there were seven, and quick work was necessary, as the vessel immediately began to settle.

Although worn out by the long period of drifting the men were most concerned about the fate of their shipmates. They were much relieved on being informed that all but two boatloads of the crew had landed.

Two Boat Loads Still Missing.

NEW YORK, June 28.—The landing of 24 survivors from the steamship Dwinsk at Selburne, N. S., today definitely accounts for all but two boatloads of the crew. Three boats containing 67 survivors had been previously reported missing. Seven boats in all left the vessel when she was torpedoed. Two were picked up by a steamer which brought their occupants here; another boatload was rescued and taken to Hampton Roads, Va., and a fourth to Bermuda by a sailing vessel.

The Dwinsk was a troop ship returning to the United States. She had no soldiers aboard.

British Atlantian Sunk.

A GULF PORT, June 28.—Private advices have been received here to the effect that the British steamship Atlantian had been torpedoed and sunk. There were no casualties, the report says, but no date or place of the disaster are given.

The ship was laden with munitions.

Church Officers Tender Dinner to Trustee Pew

Officers of the Third United Presbyterian Church, Shady avenue and Northumberland street, tendered a farewell and testimonial dinner last night, in the Hotel Chatham, to John G. Pew, the retiring president of the Hope and Natural Gas Company, who goes to Philadelphia, July 1, as president and manager of the Sun Shipbuilding Company.

Mr. Pew has been for many years a member of the Third Church board of trustees, and was active in all the affairs of the congregation. The Rev. Dr. Robert B. Miller was toastmaster and delivered a eulogy on the departing guest. Words of praise were spoken by all the officers. Mr. Pew made a touching response.

OLD ALLEGHENY GRADUATES 165 PUPILS

High School Commencement Exercises Featured by Patriotism.

HELD IN THE NIXON

Closing the week's commencements in city schools, 165 seniors of the Allegheny High School received diplomas in the twenty-ninth commencement exercises of that school, held last night in the Nixon Theater.

Patriotism was the predominant feature. The ceremonies opened with an invocation by the Rev. Dr. John McNaugher, president of Allegheny Theological Seminary, and closed with benediction by the Rev. Robert C. Reed, pastor of the Reformed Presbyterian Church, North Side. Class orations were delivered by Laird Donald McCain, Hedwig Steffen and Grayce Anvelink, with vocal numbers by the class and instrumental numbers by the Allegheny High Orchestra.

FIFTH RIVER PACKET ARRIVES HERE

Steamer Queen City Opens Fast Freight Route Between Here and Louisville

TO CLEAR TODAY

Pittsburgh stages—Point Bridge, 6.5 feet and rising; Herrs Island Dam, 6.7 feet and rising; Davis Island Dam, 9.6 feet and stationary.

With the arrival of the steamer Queen City early this morning from Cincinnati, O., with a heavy cargo of miscellaneous freight shipments and a large passenger list, five boats are now operating in the packet trade between this port and lower river points. The steamer, which is known to rivermen as the Queen of Western Rivers, is operated by the Cincinnati and Louisville Packet Company, and re-enters the local trade after an absence of three years. The boat will leave Pittsburgh every Saturday afternoon at 4 o'clock, arriving in Cincinnati Tuesday, and will clear Cincinnati Tuesday evening for the return trip, arriving here Saturday morning. The Queen City establishes a fast freight route from the local port to all principal Ohio River cities and to Louisville, Ky., the Louisville shipments being transferred to the steamer Indiana at Cincinnati.

Other Packets Dock.

The sidewheel packet Verne Swain of the Ohio and Kanawha River Transportation Company's line arrived last night from Wheeling, W. Va., with a good cargo of freight and a fair passenger list. The boat will clear this morning. The packet S. L. Elam of the Liberty Transit Company's line arrived from Cincinnati with a good trip and will clear this afternoon for the return trip.

The United States steamer T. P. Roberts, which broke its shaft recently near dam No. 9, Ohio River, is tied up at the James Rees boat yards in the Allegheny River waiting for repairs. Owing to the scarcity of labor and material a new shaft cannot be obtained, and the broken one is being welded together by the Pittsburgh Reinforced Brazing and Machine Company. The boat will be put into operation next week.

An excursion under the auspices of the Junior Order of United American Mechanics was taken down the Ohio River last night in the steamer Sunshine.

Coal Shipped to Steubenville.

The steamer J. C. Risher of the Pittsburgh Coal Company's fleet cleared late last night for Steubenville, O., with a tow of coal consigned to the La Belle Iron works. The steamer Rover, owned by the same company, arrived in the harbor yesterday with a tow of coal from the upper pools. The steamer Hillman of the Hillman Coal Company's fleet arrived from Steubenville with a tow of empty barges.

Slightly decreased stages were reported at many points along the local streams yesterday, and, according to Forecaster Henry Pennywitt, the rivers will change but little during the next 24 hours.

During the 24 hours ended at midnight Thursday 27 steamers, 100 barges and flats and 73,240 tons of coal passed through lock No. 1. During the same period 35 steamers, 153 barges and flats and 49,600 tons of coal passed through lock No. 2.

THE THREE RIVERS

CINCINNATI, O., June 28.—The stage of the river at 6 o'clock was 17.5 feet and rising. Departures: Kentucky for Louisville, Greendale for Ripley, Chilo for Huntington.

LOUISVILLE, KY.—River 7.8 feet in canal; 11.5 feet below locks.

MARIETTA, O.—River, 9.6 feet; stationary. Cloudy, warm. Omaha, down, 1:20 p. m.; Liberty, up, 6 a. m.; Clarence and Rainbow, up, noon, falling. Clear and warmer.

STEUBENVILLE, O.—River 9.9 feet and stationary. Clear.

WARREN, PA.—River 1 foot. Clear and warmer.

PARKERSBURG, W. VA.—River 11 feet and stationary. Clear. Departures: Omaha for Cincinnati at noon.

Fined for Reckless Driving.

Charged with violating the Bellevue borough speed regulation Harry Sansbury of Sherman avenue, North Side, was fined $10 and costs by Justice of the Peace John Nixon at the Borough Hall last evening. Sansbury is alleged to have run against a fire plug while speeding in Lincoln avenue, Bellevue, on the morning of June 11, smashing his machine and injuring several of the occupants.

LAST OF JUNE SELECTIVES ON WAY TO CAMP

Almost 500 Boys from County Make Up Contingent for Virginia.

FOURTH OF SERIES

Making up the last contingent of the June movement of selectives from Allegheny county, almost 500 young men left the city last night for Camp Lee. It was the fourth movement in as many days, each delegation going to Petersburg, Va., cantonment. The troop train left from the Try street yards of the Baltimore and Ohio Railroad.

The Allegheny county contingent was made up of 21 men from Allegheny county district No. 5-Knoxville; 181 from city district No. 1; 134 men from city district No. 2; 87 men from city district No. 3; 47 men from city district No. 16, and one man from the Second district of McKeesport.

Washington men joined the party in Pittsburgh, while the Connellsville contingent boarded the train when it passed through that town.

Following is the list of names and addresses of the selectives who left for Camp Lee yesterday:

Negroes Raising Fund Of $25,000 for Mission

A campaign has been begun to raise $25,000 for the Provident Rescue Mission at 33-35 Fullerton street for the purpose of making the mission self-sustaining. Negroes of the city have organized teams and are busy canvassing the entire city. The Rev. Dr. J. Alvin Orr is chairman of the campaign committee.

The mission has been of great assistance to Negroes in dire need. A. M. Patterson is superintendent of the mission. Contributions should be sent to J. D. Fraser, Monongahela National Bank, or S. M. Fuller, 964 Union Arcade Building.

BURIES DEAD UNDER FIRE

PARIS, June 28.—(A. P.)—Two American Young Men's Christian Association workers, W. D. Howell of Detroit and the Rev. Murray Bartlett, formerly a chaplain in the Philippine Islands, have been cited for bravery. Howell's citation says that "during a heavy bombardment and a gas attack he assisted in the removal of wounded and gassed and gave religious burial to the dead and gave an example of courage, energy and efficiency."

Nation Survey to Save 20,000,000 Tons of Coal

[By Gazette Times Private Wire.]
[New York Times Service.]

WASHINGTON, June 28.—A campaign to save 20,000,000 tons of coal by eliminating wasteful practices in the 250,000 industrial power plants of the nation was begun today by the United States fuel administration. Administrative engineers were appointed who will make a survey of the situation. They are:

Edward R. Trump, vice president of Solway Process Company, for New York state.

Thomas Brown, formerly special engineer with the Westinghouse Airbrake Company, for the western half of Pennsylvania.

George R. Henderson, formerly consulting engineer with the Baldwin Locomotive Works, for the eastern half of Pennsylvania.

W. R. C. Corson, consulting engineer of Hartford, Conn., for the New England states.

Representatives for other districts will be selected within a few days. A plan of campaign was discussed at a conference here today and will be put into effect without delay.

Fuel administration officials expressed the belief today that from 10 to 20 per cent of the coal now used could be saved by correct operation of the steam power plants without any radical change in equipment.

The plan adopted comprises certain fundamental principles, including inspection of every power plant in the country and the classification and rating of each plant based upon thoroughness with which owners conform with government recommendations.
